

**Bulletin****Change of Officials**

**Race Director:** Jaap Molmans, License KNAF 28241  
**Deputy Race Director:** Bobbe Veldkamp, License KNAF 10710  
 Annemieke Veldkamp, License KNAF 36350

**Parc Fermé**

- **After the Qualifying Session and Race 2:** Parc Fermé will be at Pitbox 1 & 2, and all cars must complete a full cooldown lap.
- **After Race 1:** Parc Fermé will be in the designated area on the paddock. All cars must proceed directly to the endurance pitlane after Turn 1 immediately following the finish.

**Red Flag Procedure During Races**

Participants are required to comply with Article 26 of the "Reglement Autoensport Nationaal" when a red flag is displayed during practice sessions and races, with exceptions to the following articles: 26.4.2.1 to 26.4.2.5, 26.4.2.7, and 26.4.2.10 concerning the "restart leader having completed more than two laps and less than 75% of the race distance."

1. The race, including the segment raced after the restart, will be considered a singular entity.
2. Team members are prohibited from accessing the grid unless granted permission by the Race Director for all cars, ensuring uniformity across teams.
3. The restart order will be determined as follows: a. The sequence of cars upon reaching the red flag line, starting from the leader at the moment the red flag was displayed. b. Cars located in the pit lane may rejoin the race from the pit lane subsequent to the cars on the grid, in accordance with the order they reach the pit exit line.
4. Cars that have deviated off-track and subsequently been returned by officials may participate in the restart, provided they have not received external assistance in restarting the engine.
